

Honors Summer Undergraduate Research Fellowship Budget

██████████ will provide supplies and materials needed for ██████████ research. The \$2000 budget requested will cover salary for ██████████ usage fees for IGBB, and an abstract submission fee for the ██████████ Meeting to be held in ██████████ on ██████████. ██████████ will work 20 hours per week during the 10 week period and will be paid \$8.88 an hour. As part of her experiments, ██████████ will need to be trained at the Institute for Genomics and Biocomputing and Biotechnology (IGBB) in PCR gene analysis [a standard session charging \$130.67; and a bioanalysis session charging additional \$58.39]. ██████████ will also submit an abstract to the ██████████ Meeting. The deadline for undergraduate abstracts is late July and the submission fee is \$35.
